

Important information about COVID-19 and Flexi's commitment to health & safety

At Flexi, the health & safety of our team, our clients & our community is our top priority. During these times of uncertainty due to the COVID-19 pandemic, we wanted to reassure you that we are doing everything we can to provide a safe environment for everyone. Below are just some of the initiatives we've implemented to do our part to "flatten the curve" of COVID-19 outbreaks in Australia.

INCREASED HAND SANITIZATION

We are increasing the number of hand sanitization stations throughout our showrooms, offices and factories, as well as providing staff personal hand sanitizers for their vehicles.

FACE MASKS AVAILABLE

We have purchased a number of single-use face masks for those who would prefer to shield their mouth, or for those who request our designers or installers to wear one.

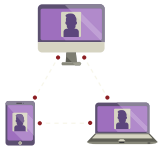

LIMITED PHYSICAL CONTACT

We hope you aren't offended, but we may not shake your hand when we greet you. All staff have been advised that limited physical contact is recommended by health care professionals.

INCREASED CLEANING OF SHOWROOMS

To help keep our showrooms hygienic, we're increasing the cleaning schedules of our showrooms. We are also endeavouring to have disinfectant wipes readily available.

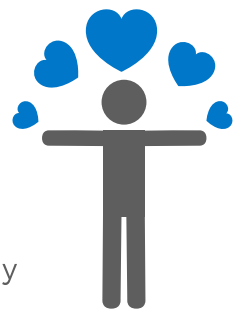

VIRTUAL CONSULTATIONS

We understand that some people are choosing to have limited social interaction at this time, and we're working hard to provide virtual design consultations. Watch this space!

DON'T FORGET TO BE A BUDDY

Whilst we, as a community, work through the unfamiliar territory that COVID-19 has placed us in, please spare a thought those who are most vulnerable.

Although limited social interaction is recommended, there are many ways you can help those who may need a helping hand. Only buy groceries that are needed instead of bulk-buying in panic, phone an elderly friend or relative & offer to deliver some groceries to their door for them, and we strongly urge you to support small businesses as much as you can.

These businesses will be facing some very tough times as our economy reacts to the effects of COVID-19 and some will not survive as cash flow reduces.

So let's support each other, be kind to each other & show empathy toward each other whilst we all manage the effects that COVID-19 is having on our society.

We thank you for your ongoing support. Stay safe.

Best Wishes,

The Flexi Team
